

Custom Gaging Solutions

Gaging Parameters

GAGING SYSTEM:

- Air and Electronic

OPERATION:

- Manual

NUMBER OF CHECKS:

- 4

CLASSIFICATION:

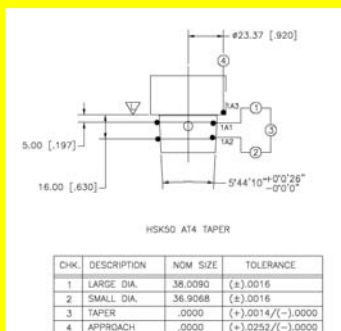

- Accept/Repair

SORTING:

- None

FEATURES:

- Air gaging used for diameter and angle with electronic probe for gage line location

HSK Tapered Tool Holders & Shanks

Qualifying the accuracy of the taper for HSK type tool holders is not an easy chore unless you have an Edmunds Gages HSK Tapered Gage for the members. Made for both male and female tapers, the Edmunds HSK gages include reliable air gaging circuitry for the angle sizing and LVDT contact gaging for the flange approach or gage line dimensioning. Available in a variety of sizes as shown below, these shop floor tools can be used with Edmunds popular gaging amplifiers like the ADAMM, or CAG^{QCM} computer.

| | Receiver Gages | Shank Gages |
|---------|----------------|-------------|
| HSK 32 | G-49491 | G-47143 |
| HSK 40 | G-49493 | G-47145 |
| HSK 50 | G-49495 | G-47176 |
| HSK 63 | G-37200 | G-37202 |
| HSK 80 | G-49497 | G-49499 |
| HSK 100 | G-37196 | G-37198 |
| HSK 125 | G-49501 | G-49503 |
| HSK 160 | G-49505 | G-49507 |
